"Wellington Town Council acknowledges the fundamental importance of a fully-functioning local health economy to the wellbeing and economic security of Wellington residents.

Accordingly, this Council believes that any reduction or removal of Emergency Department services poses a significant risk to the health and wellbeing of the local population.

Furthermore, this Council believes that funds spent relocating services could be used to improve and increase them locally. The spend on the current project will almost certainly result in less accessible services and greater postcode discrimination for the people of Wellington.

Therefore, Wellington Town Council opposes any attempt to diminish or remove full Emergency

Department services at Princess Royal Hospital and urges relevant healthcare authorities, government officials and stakeholders to maintain and improve comprehensive Emergency Department services at Princess Royal Hospital."
